M9 NEW

Premium Hand-Carried Ultrasound System

Premium Capability · Easy Mobility

Healthcare continues to mature and so does the needs of medical practitioners. Addressing the most critical issues faced within ultrasound scanning, the new M9 hand-carried ultrasound system by Mindray, is developed with a prime focus on difficult patients.

Technologies at an all new level

- Advanced Beam-Former technology
- Mindray Patented signal Processor
- HR Flow: High resolution color flow technology
- UWN+ (Ultra-Wideband Non-linear) Contrast Imaging
- Natural Touch Elastography
- New generation iClear™

Developed for Radiology procedures

- iWorks™: Standardized workflow with flexible user-define capability
- iNeedle™: Needle enhancement visualization
- Q-SAVE: Save customized image presets and parameters
- Multi-function key setup: Programmable multi-functional key for quick and easy operation
- iStation™: Efficient patient data management system
- iZoom™: One key for screen zooming
- MedTouch: Remote system operation through Android smart device, developed for interventional Radiology procedure
- MedSight: Direct data transfer between ultrasound system and smart phone
- DICOM/HL7: DICOM3.0 and HL7

Innovative green design

- Ultra-quiet design: Enjoy the quiet working environment
- 15" LED HD monitor with automatic brightness adjustment
- Ultralight 1.6 mm Magnesium alloy main unit case
- Inbuilt battery to support 90min continuous scanning
- Flexible battery solution to support 180min continuous scanning
- Inbuilt quick & easy locking system
- Reliable RoHS certified materials
