

# Resona I9

**Elite Edition**

Diagnostic Ultrasound System

Innovation, in every facet

Powered by **ZST+**

Common carotid artery

HR flow in metastatic lymph node

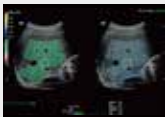

Adult heart

Ultra-Micro Angiography

HiFR STE

Fatty liver lab - USAT

**UMA** of ultra-micro angiography for super sensitivity and resolution

**UWN<sup>+</sup> CEUS** with high sensitivity and longer contrast perfusion time

**Fatty Liver Lab** for multi-parametric fatty liver steatosis evaluation

**Smart Breast / Thyroid** for smart and accurate lesion analysis

**HiFR STE** with up to 10 times faster frame rates of shear wave imaging

**V Flow** as a novel approach for vascular hemodynamic analysis
